ARMA (GEAR): CHAMPION

LEFT HAND

RIGHT HAND

INSTRUCTIONS

START

Pick a champion and your initial Arma (gear). Place markers on the tracks matching your champion. Markers on a track add up (20 + 8 = 28). Glory starts at 0. Randomly determine the starting player.

EACH ROUND

Advance the round track. Choose 6 cards for your hand, then pay Arma (gear) upkeep (-water). Play the seconds. At zero water you crawl to the edge (1 hex/sec, no actions). Attacking a crawler costs -1 glory.

GAME END

Last champion standing wins. After 6 rounds, most glory wins, ties go to blood and then water.

CHAMPION ABILITY

EACH SECOND: CHOOSE ► SHOW ► ACT ► BURN ► REPEAT

CHOOSE: Choose one card from your hand and keep it secret until everyone has chosen.
SHOW: Everyone shows at once, placing cards on the matching column on the burndown track. Pay each card's water cost.
ACT: In player order, take face-up card actions in any order. At the edge: if you start your turn there, discard a card from your hand face down to Rally and/or Change your Arma (gear).
BURN: Slide all cards on the burn-down one to the right. Cards that fall off are discarded. At zero water, crawl to the edge.
REPEAT: Pass the first player marker to the right. Keep going as long as you have cards. Choose wisely.

BURN-DOWN TRACK

DISCARD

Burned-off cards go here. If you can't make a hand, shuffle this pile back into your deck.
